1. Describe what parts of the presentation you and your group members worked on. Be as specific as you can.

Topic: Multithreading merge sort algorithm.

I am working on creating a 9-page powerpoint, and 1 page handout independently, on 1.Span 2.work 3.parallelism 4.Slackness, 5.Parallel Divide and Conquer, 6.Parallel Merging

Part 5, and 6 are removed per their requests, but I prepared for them.

2. What contributions did you make to the team? Be as specific about what parts of the presentation you worked on as you can.

My contribution:

1.Create Team Agenda for every meeting, and update meeting agenda and meeting discussion, and taking notes during the meeting bullet point.

5.Writing and deciding meeting agenda for next meeting, i.e. product manager

6. Reviewing and changing the final draft of group work.

3. What comments do you have regarding your team members' group work, contributions, and team work?

I like it, it's a perfect team. I appreciate everything.

4. How well did your group collaborate, and how were the team dynamics? Specifically, comment on how the group split tasks, had discussions that gave everyone a chance to contribute, etc. Discuss any pain points in the collaboration process.

I love collaborating with them. I love how we collaborate, communicate, I love the vibe of our team. It's my pleasure to work with them.

5. What feedback would you give each of your team members? Try to make your feedback as constructive as possible - what can they work on to improve themselves as group members and team mates? (responses will not be shared)
- **Be more active and nice to your teammate. Make sure you know each team member is equal and have equal voice, thanks.**
- **Make sure use English, not Mandarin to communicate, be professional thanks.**
